New Self-Bonding Silicone Weatherproofing Tape Now Available From Times Microwave Systems

Avoid tapes and mastics with the new Times Microwave Systems self-bonding silicone weatherproofing tape kit for protection of outdoor connector installations. The new tape kit, **WK-S**, facilitates easy installation and provides a long-term environmental seal for connections. With a list price of \$24.00, each kit can weatherproof up to 12 connections making it a fast and cost effective solution.

About Times Microwave Systems

Times Microwave Systems has 60 years experience in designing innovative, high-reliability, coaxial cables and assemblies for demanding interconnection problems. An engineering oriented organization, the company specializes in the design and manufacture of high performance flexible and semi-rigid coaxial cable, connectors, and cable assemblies for RF transmission from HF through microwave frequencies.
